

air

The Respiratory System

inhale

exhale

oxygen

Use the words in the box to fill in the blanks.

lungs	trachea	respiratory	cough	
carbon dioxide	yawn	bronchi	pharynx	
hiccup	diaphragm	water vapor	nose	
mouth	sneeze	blood		
All animals need		to make energy	from food. We get	
this oxygen from the		that we breathe. In order to get		
			l to the rest of the	
body, the air travel		•		
	•	.
